

Structural Steel Estimator

Parker Welding & Fabrication, Inc. is a central Iowa AISC Certified Fabricator of structural and miscellaneous steel. We are an established company that has been in business since 1974. We are currently accepting applications for an experienced **Estimator** to join our team. This is a permanent, full time position. We are looking for a detail oriented, self-motivated, quality focused person with a working knowledge of structural steel construction. Competitive wages paid, based on experience and qualifications. This is an onsite position at our Winterset, Iowa facility.

Job Description:

This Estimator will be responsible for preparing a complete estimate by evaluating bid specifications and requirements and doing a material take-off. This position requires working with the Project Manager, Detailing and Purchasing departments to assure jobs awarded are completed properly.

Duties:

- Prepare work to be estimated by gathering blueprints, specifications and all related documents needed. This will be for new projects and change orders for existing contracts.
- Read and interpret job bid requirements, blueprints and specifications to prepare estimate.
- Prepare an all-inclusive material take-off from the documents, identify labor needed to complete the project and identify any buy-out items.
- Work in a timely manner to ensure work and completion dates/deadlines are met.
- Update schedule for jobs to estimate.

Skills & Qualifications:

- Estimating experience, structural steel fabrication knowledge helpful
- Strong math skills
- Attention to detail
- Great written and verbal communication skills
- Time management – able to prioritize and meet deadlines
- Ability to work independently and in a team-oriented environment
- Critical thinking
- Organized
- Self-motivated
- Experience using FabTrol software a plus but not required

Benefits:

- Health, Dental, and Vision Insurance
- Short and Long Term Disability
- 401(k) with company match
- Paid Time Off
- Paid Holidays
- And more...
